

# CU800 Upright Bike

**AIBI**

## COMMERCIAL UPRIGHT BIKE FEATURES

- Easy-To-Use Console with 40 Resistance Levels
- Micro-Adjust Seat w/ Fore/Aft Positioning
- Heavy-Gauge Steel Frame
- Integrated Generator/Flywheel Resistance System
- Durable Powder-Coated Paint
- Contact & Telemetric Heart Rate
- Commercial Warranty

The **CU800** Commercial Upright Bike was designed for the commercial user. The heavy-gauge steel frame and heavyweight flywheel create the perfect base. The console offers multiple programs, most with 40 levels of resistance, and enough feedback information to make sure your clients never grow bored. The multi-grip handlebar, along with the easy ratcheting seat post, integrated with the fore/aft positioning of our dual-spring seat, assures your client an extra-comfortable workout. It's all in the details.

Easy-Ratcheting Seat Post w/  
Fore/Aft Seat Positioning

#### Max. User Weight

200 Kgs

The **CU800** console is easy to use and boasts ample easy-to-read motivational information. A quick touch of the fan button and your clients will be cooled by a turbo powered fan.

Touch the upper "Display" button to view the workout either a Track or Workout profile on the large LED Matrix. There are 10 different programs to keep the user motivated, from Heart Rate to Strength to Fat Burn; most have 40 resistance levels. The Fit Test program is based on the YMCA Protocol, or the user can simply push "Start" and begin their workout. A convenient cargo holder offers storage for a cell phone or room keys.

The **CU800** console is also used on the **CR800** Semi-Recumbent Bike and the **CE800** Elliptical Trainer. This makes it easy for clients to vary their workouts on different machines and help them achieve their fitness goals.
